OTHER COMMENTS*****

The Maeser Water Improvement District has rights to water which are diverted through the existing pipeline from Ashley Canyon. The pipeline is jointly owned by the District with Vernal City. The water sought to be approved by this application will be either infused directly into Maeser's pipeline after treatment or in the alternative will be exchanged for a like quality of water to be diverted into the pipeline in Ashley Canyon. The water exchanged, if an exchange is made, will be diverted directly into the Ashley Upper Irrigation Company Canal System and the quantity placed in the canal will be diverted and placed in the pipeline in Ashley Canyon. This water sought to be appropriated will be supplemental to the rights owned by Maeser which are represented by the stock owned in the Ashley Upper Irrigation Company and the

Ashley Valley Reservoir Company and the rights represented by applications
numbered, 19279,25336,28711, and 37515. The point of appropriation is the
location of a well previously drilled to water bearing formations.
